Any other comments

Although the university library is considered as one of the primary resource of information for students studying in our university, our budget for acquiring new books is very limited. Obtaining Japan related books through this scheme opens new horizon for our students who do not necessarily have the opportunity to study abroad, by enabling them to travel through various literature.

Do you want to receive the package or does the Embassy of Japan in your country/region receive it?
TNF will confirm the shipping information later, but please talk to the Embassy of Japan about the receiver.
required

☒ The applicant will revive the package.

☐ The Japanese Embassy/Consulate will receive the package.

Even if the Japanese Embassy/Consulate receives the books, customs duties may be imposed. Please consult with the Japanese embassy/Consulate in advance about the replacement and payment of customs duties.
